A graph of the function $f(x) = x^2$ on the interval $[0, 1]$. The x-axis is labeled from 0 to 1, and the y-axis is labeled from 0 to 1. The curve is a parabola starting at $(0,0)$, passing through $(1/2, 1/4)$, and ending at $(1, 1)$. Three horizontal lines are drawn at $y = 1/4$, $y = 1/2$, and $y = 3/4$. A vertical line is drawn at $x = 1/2$. The region between the curve and the x-axis from $x = 0$ to $x = 1/2$ is shaded with diagonal lines.
